UNIVERSITY DOWNS CRIPPLED Y. M. C. A.

Heavy U. Basketball Five Wins Rough Game—Many Penalties Feature Contest.

Sadly crippled by the loss of two star guards, Holsinger and Gunn, the Y. M. C. A. basketball team went down to defeat Saturday night at the hands of the University of Utah. The game was a close one, but the Y. M. C. A. team showed flashes of its usual game and at that held the big U. boys very close until the last five minutes, when the U. players came out with a vengeance.

The game started off as if Y. M. C. A. would have a walkover, but it was just the opposite. There was little live play in the game. The game grew more and more one-sided as the game progressed. All sorts of fouls were committed. The game became monotonous and the Y. M. C. A. team made one good shot, but the U. players came out with a vengeance and the game was over.

According to an understanding arrived at Saturday, the game was a rough one. The Y. M. C. A. team was badly crippled by the loss of two star guards, Holsinger and Gunn, and the game was a close one, but the U. players came out with a vengeance.

"SIMPLE, SAFE, VIRILE." NEW FOOTBALL GAME

Chicago, March 7.—Coach A. A. Stagg of the University of Chicago, returned yesterday from his four days of "laboratory" experiments with the University of Arkansas football team. That a "simple, safe, interesting, or virile" new game will be evolved for next year was the coach's summary of his unique test.

The most definite and striking of Stagg's conclusions gained in Arkansas, strengthened his belief, he says, that pushing and pulling can be done away from the line. The new game is a forward pass reconstructed on faster and simpler lines without detriment to the game. He will have long list of football opinions to present to the national football rules committee, when it meets March 25 in New York, to pass on the 1910 rules.

HIGH SCHOOL PLANS NEW ATHLETIC FIELD

Cochran, March 7.—The high school is dividing his time these days between athletic work, and plans for a new athletic field. The coach has been studying the conditions for some time, even going so far as to survey the north half of the school grounds. He has made an estimate and will submit it to principal Eaton, who will take up the matter with the board of education. It is estimated that \$1,500 will be needed to complete the field, which is one of the best and most complete in the state.

RULES TO PROTECT AMATEUR ATHLETICS

Chicago, March 7.—Harry F. Porter, champion amateur runner high jumper of the world, urges new and drastic rules for the purging of amateur sport—the only regulations, in his opinion, that will accomplish this. He is of the opinion that the only way to purify amateur sport is by the adoption of new and drastic rules. COACHES TALK ON FOUR YEAR RULE

Bennion and Teetzel Discuss Measure Which Threatens to Disrupt State College Athletics.

The University of Utah is charged by both Bennion, coach of the B. Y. U. at Provo, and C. E. Teetzel, coach of the Aggies, with trying to "hog" the collegiate athletics of the state. There is a very serious split over the four-year rule, which it is claimed, the university is attempting to force upon the schools of the state. The end is not yet and probably will not be for some time to come. It is almost an assured fact that neither Provo nor the Agricultural college will yield to the demand of the athletic conference that the rule be adopted. And it is also certain that the intercollegiate events of the coming spring and fall will be largely curtailed because of the imbroglio.

On Feb. 25 last there was a meeting of the athletic conference at which the four-year rule was discussed pro and con. There were five institutions represented, the university, B. Y. U., C. E. Teetzel, coach of the Aggies, with trying to "hog" the collegiate athletics of the state. And it is also certain that the intercollegiate events of the coming spring and fall will be largely curtailed because of the imbroglio.

COACH BENNION TALKS.

"Why, it's simply preposterous," said Bennion. "Here at Provo we have about 60 college men and 40 in the high school. The adoption of the four-year rule practically eliminates the high school and we will have a fine chance to get a team of 100 men. Suppose I take a high school man and put him in for experience. He loses one year because of it. It simply is an injustice to the man and I would not talk of doing it."

Teetzel, on the other hand, is a strong advocate of the four-year rule. He is of the opinion that the only way to purify amateur sport is by the adoption of new and drastic rules. EVENTS OF NOTE IN THE WORLD OF SPORT

Interest in soccer football is growing in Salt Lake and it is expected that shortly some fine games will be seen.

Nobuyo Masada, a Japanese sophomore at Harvard, is a candidate for the baseball team and stands good chance of making it.

The intercollegiate rules committee on football feels that injuries to players are more due to diving tackles than to mass play.

Battling Nelson seems to be in the same class with Jeffries now in that the pugilistic world is wondering whether the Dane can "come back."

Yale won the intercollegiate swimming match at New Haven Saturday, scoring 2 points. Penna was second with 1 and Princeton third with 2.

Henry Farman, the aviator, on Saturday established a record of flight carrying two passengers in an airplane, remaining in the air one hour and 15 minutes.

President Taft exercises every day events of the coming spring and fall will be largely curtailed because of the imbroglio.

A feature of the recent ski tournament at Ishington was the jump of Charles Tack, a 15-year-old boy, of 130 feet. Five thousand spectators saw the unusual feat.

The basketball squad of the university headed the Y. M. C. A. team a great surprise Saturday night when they won without much effort. The Y. M. C. A. team was badly crippled by the loss of two star guards, Holsinger and Gunn, and the game was a close one, but the U. players came out with a vengeance.

The athletic feeling between the university and a number of other Utah colleges is becoming very strained over the four-year rule. It seems to be a movement to establish interstate contests to the excluding of moves purely between the schools of Utah.

England is acquiring the roller skating craze. In London the new roller rink has dimensions which will give a lap 25 yards, a little over six laps to the mile. It is expected that some records will be made on this new place as there is an influx of fast Americans.

There is much talk about the city of the Marathon race for which Promoter Harvey Downing is endeavoring to raise money. He has never seen one of these long distance affairs and with Danahy, Hayes, St. Yves and other luminaries, the event should be one of great interest.

Baseball is now one topic of conversation on the streets and the organization of a state league, which is practically assured, is awaited with yearning. Salt Lake is a good baseball town and with proper organization and high class players, a prosperous season should ensue.

It would seem to be a good plan to let former minor league players, who are now in the college athletic season, and then during the summer come to some sort of agreement. The college baseball schedule is being held up on account of the war and everything athletically is in chaos.

Medicines that aid nature are always most successful. Chamberlain's Cough Remedy acts on this plan. It loosens the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Sold by all dealers.

Collector Loeb is FIGURING ON DRESS REFORM

New York, March 7.—Having settled to his satisfaction the more important questions of customs administration at the port of New York, Collector William Loeb, Jr., is now figuring on a dress reform in the service. When Mr. Loeb took charge, the collectors and surveyors who boarded in-coming ships and inspected baggage, looked like prosperous business men and had nothing to designate their official calling. The collector thinks there should be something about their personal appearance to indicate their mission and accordingly he has already adopted a gold-colored cap of official blue. A new uniform to correspond will probably be the next step.

Fully nine out of every ten cases of rheumatism is simply rheumatism of the muscles due to cold or damp, or chronic rheumatism, neither of which require any internal treatment. All that is needed to afford relief is the free application of Chamberlain's Liniment. Give it a trial. You are certain to be pleased with the quick relief which it affords. Sold by all dealers.

BASEBALL SEASON ON IN CALIFORNIA

Chicago White Sox Lose Two Out of Three Games in First Games.

San Francisco, March 6.—The first game of the Chicago White Sox was a game and lost one here today. In the morning the Oakland team of the Pacific Coast league won 2 to 1. In an errorless game, and in the afternoon the Chicago players beat the San Francisco team by a score of 9 to 2. The White Sox could not hit the Oakland pitchers, but in the afternoon they were in better form. All of Comiskey's recruits made a good impression. The scores follow:

Morning game—
Chicago..... 2
Oakland..... 1
Afternoon game—
Chicago..... 9
San Francisco..... 2

Batteries—Vaughan, Omatessa, Sator and Owens, Bloch; Christian, Tompkins, Nelson and Spierman, Lewis.

Los Angeles, Cal., March 6.—Not yet thoroughly thawed out, the Chicago White Sox No. 2 lost its first game of the year to the Los Angeles team of the Pacific Coast league, 3 to 2, today. Both teams used three different batmen during the game and in the case of the Sox players, each battery was equally ineffective. The feeling of the Chicago players was distinctly ragged, showing the need of practice.

Los Angeles..... 3
Chicago..... 2
Batteries—Butler, Toger, Nagle and Grindle, H. Smith; Young, Schmirler, Holm and Payne, Ryan.

U. of U.—A. C. U. at Logan, April 29.
U. of U.—B. Y. C. at Logan, April 30.

Aggies Are to Have Fast Track and Baseball Teams

Coach Teetzel of the Aggies is going merrily along with his track team and trusts to have the athletic team now in evidence in the state school athletics ahead before any great length of time. Teetzel is president of the Utah intercollegiate conference and has spent much of the time upon the athletic schedule for the coming season. He has had hopes to have this taken up with the athletic committee but thus far has been unable to obtain attention because of obvious reasons.

At the Agricultural college this year there have been approximately 1,000 students, but of these a large proportion have been those who took short six week ranching courses, returning to the farms when spring work opens.
